Large Quantity Clothes Shipped

5,247 Pounds of Clothing in 129 Cartons Go to Suffering People in Europe

Randall county has gone over the top again!

Monday 5,247 pounds of clothing in 129 cartons were shipped from Canyon.

J. W. Kleinschmidt, County Chairman, said, "I would like to thank all who contributed to this worthy cause and who helped in any way. Especially do I want to thank Mrs. Bessie Melton and her corps of Red Cross work room workers for assorting and packing the clothing; and C. L. Thompson and his corps of men who tied and labeled and hauled the cartoons to the station.

"Canyon and vicinity with the Umbarger community surpassed our expectations. Our record will compare favorably with any place our size and surpass many."

W. T. High To Give Class Play Tonight Ed. Bldg.

"Growing Pains," a rollicking comedy, will be given on May 3 by the Senior Class of W. T. High School. The time is 8:15, and the place is the Education Auditorium. The admission is 35 cents.

This fresh and amusing play affords a glimpse of the life of an average teen-age boy and girl and the anguish their parents suffer in navigating them through their first tragic love affairs. Terry McIntyre (Candy Miller) blithely skips into a love affair, quite innocently inviting the boys to be her dancing partner much to the horror of her parents. George McIntyre (Bill Miller) finds himself in the throes of a lasting romance with the new and enchanting neighbor, Prudence Darling (Betty McAlister). All the while the Professor (Bill Clark) and Mrs. McIntyre (Arless Oglesby) are forced to sit back and hope for the best.

The Seniors promise their audience an evening of real fun and entertainment. The tickets are on sale now by the members of the class.

Nazi Flag and Decorations Are Sent by Patke

A German flag 500 inches by 150 inches and 7 German insignia were included in a package of souvenirs which Mrs. W. A. Patke received Monday from her husband Sgt. W. A. Patke.

Included in the insignia are an iron cross, quite new with ribbon, flyer's wings from an Air Corps officer's cap, a triangle of the Women's Socialistic Organization and others whose significance could not be determined.

Sgt. Patke is with Gen. Patton's 3rd Army with the tank destroyers. He has been overseas 19 months and has been in the service over 3 years.

Jimmy Fite Made Honor Roll at Kirksville, Mo.

Jimmy Fite, son of Mrs. Melinda Fite Davis, is listed in the Who's Who from K. C. & S. College, Kirksville, Mo. where he is a Lower Senior.

Mr. Fite attended grade school in Canyon. He is now president of his class and will continue to hold that position through the upper senior term. He was given high praise for his achievements and participation in the school's activities.

Marfa Man Declines Place on Board

Henry T. Fletcher has declined the appointment to the Board of Regents for Teachers Colleges. Governor Coke Stevenson has appointed William L. Kerr of Midland for the vacancy.

The nomination of V. A. Collins of Livingston for re-appointment was held up last week in the Senate, according to word from Austin. He is reported to be 88 years old, but very active and greatly interested in the welfare of the teachers colleges.

The Senate confirmed the appointments of Mrs. J. K. Beretta of San Antonio and Walter F. Woodul of Houston.

Captain Robert J. Hibbetts of the United States Army Air Corps, who is a member of the staff of the department of business administration in peace time, visited the campus briefly during a furlough which he and Mrs. Hibbetts, the former Margaret Cooper, spent at Tulia and Canyon.

Marchbanks Is Home 23 Months In the Pacific

ENSIGN SI MARCHBANKS

Ensign Si Marchbanks, who arrived home February 23 after having spent 23 months in the Southwest Pacific with the CB's is in the hospital at Camp Parks, California. He was injured while on a construction job in the islands.

Ensign Marchbanks participated in the campaigns of Guadalcanal, New Guinea and the Admiralty Islands, and was then assigned to temporary duty in Sydney, Australia.

While he reports that he is getting along well, his knee was in much worse condition than they had thought.

Mrs. Marchbanks, the former Armor Lee Greenfield, is principal of the Mobeetie high school.

Sharp Closed Out Dairy Herd and Quits Business

J. R. Sharp has sold his dairy herd and closed out his milk route Monday. This was one of the best dairy herds in the Panhandle, which Mr. Sharp built up during the years.

Mr. Sharp retired from the Presbyterian ministry several years ago because of poor health to devote his time to the dairy business. He states that he has greatly enjoyed the work, and that the dairy was a pleasant and profitable business. He will likely sell the dairy equipment, although this was not included in the sale.

Mr. and Mrs. Sharp will continue to make their home in Canyon.

Co. F Sergeant Called on Families Local Boys

Sgt. W. M. Alsworth of Breckenridge, Texas visited in Canyon Saturday afternoon with parents of the boys who are in Co. F, 142nd infantry. Sgt. Alsworth has been with the boys from Canyon since they were in Camp Bowie until he was returned to the state August 2, 1944.

Sgt. Alsworth was wounded the same day that James Drummond was. He was very eager to talk with Mrs. Drummond for he said he owed his life today to James Drummond. He was returning to Camp Carson, Colorado City, Colo. for a medical check up and was expecting to receive a medical discharge.

Five More Farms Are Slated to Get Electricity

Five more farms were certified under War Conservation Order L-41 for electrical power line connections to their farms. These farms will be connected by a line to be built as an addition to one already certified for dairy farms southeast of Canyon.

The five additional farm owners to be certified are M. B. Brown, Morris Abbott, A. B. Haynes, Jr., Dr. C. E. Donnell and Joe K. Currie.

It is expected that several other farms will be able to get electricity during the year.

JOE WINSTEAD IN PACIFIC

Word has been received that Joe Marlin Winstead, son of Mr. and Mrs. Jody Winstead, is on a Jap infested island in the Pacific Theater of war. He is a radar-mate 3rd class aboard an L. S. M.

He received his boot training at San Diego; basic radar training at Point Loma, Calif.; and further training at Little Creek, Va.

While waiting with his crew in New York Harbor he had more training at Lon Island, N. Y.

Former Student Dies Air Crash

Lt. Forrest Faulkner Had Received Degree from West Texas State Died Friday

One of the victims of the plane crash south of Claude Friday was an ex-student of West Texas State, and well known to Canyon citizens.

He was Lt. Forrest Faulkner, who received his degree two years ago. His wife, the former Emma Thomas, of Pickins, Ark., is also a graduate of West Texas State.

When the plane crashed into the Palo Duro canyon, 11 officers and men were killed. The plane was en route from Sedalia, Mo., to San Antonio. The army is investigating the cause of the accident.

Matador is the home town of Lt. Faulkner. His body was released at the Amarillo Air Field Wednesday to be taken to his home town for burial.

Cpl. McBroom Is Here Recovering From Wounds

Cpl. Johnnie McBroom who is visiting with his parents, Mr. and Mrs. T. M. McBroom while fully recuperating from wounds received near Tinnelia, Itlay on January 11, reached the United States on March 21. He was hit in 29 places by shrapnel and had one leg and one foot broken, but feels extra fortunate that all his wounds are healing perfectly and he has no artificial limb.

Cpl. McBroom was with the Infantry in the 91st Division. He has been in the service 16 months and spent 8½ months in Italy. As he, with his group, was steaming into the harbor of Naples, his brother was steaming out with Co. F. 142nd Inf. Thus just a matter of a few hours kept the brothers from seeing each other.

After spending until May 10 in Canyon, Cpl. McBroom will report back to the hospital in Chickasha, Okla. for a final check up and further orders.

More Time Is Given to File Price Charts

An extension of the deadline for filing pricing charts under MPR 580 is announced by the District Office of Price Administration.

The original filing date of April 20 has been extended until May 4. Retailers of clothing and house furnishings who have not filed their charts by that date are subject to the "no-selling" prohibition. In addition, on and after May 10, retailers who have not received from the District OPA a letter or postcard acknowledging receipt of their charts may not sell goods covered by the regulation.

Officials stated that on April 26 only 56 per cent of the retailers in this district who are subject to the regulation had filed their charts.

Hawkins Named Representative Insurance Co.

E. E. HAWKINS

The Fidelity Union Life Insurance Company of Dallas, Texas has announced the appointment of E. E. Hawkins as their representative in Canyon and vicinity.

Mr. Hawkins is an experienced insurance man, having been with the National Educators Life Insurance Company since its organization until he accepted the appointment with the Fidelity Union Life last week.

For the past two years Mr. and Mrs. Hawkins have made Canyon their home and are both active in community life.

Mr. Hawkins has his office in the First National Bank Building. He stated that he hesitated about leaving his old company but felt that he could give the people still better service with the other company.

His brother, Royce Edward, A-C, is in the Navy, stationed at Camp Perry, Va.

Butler Accepts Faculty Position in California

James H. Butler, who last year was acting head of the Speech department, has resigned to accept a position on the faculty of the California State College at San Jose, California.

Mr. Butler has been on leave from West Texas State College since last June. Since that time he has been studying at the university of Southern California, where he is rapidly approaching his Ph. D. degree. He has distinguished himself in the university by his fine dramatic work.

Both Mr. and Mrs. Butler were popular members of the college community, when he was identified with West Texas State.

Light Rain Falls Saturday; Total of 4.23 to May

Rain in Canyon Saturday morning amounted to .13 of an inch.

The total moisture for the month of April measured 2.36 inches. This brought the total for the month up to 4.23 inches.

The moisture is still very spotted over the Panhandle area, according to reports. Wheat which has received rain since the hard freeze is coming out in good condition, according to farmers. However, wheat which has not received rain is reported to be suffering considerably.

FRANCIS BROTHERS MOVING

Mr. and Mrs. R. M. Francis have just received word that their son, Charles E. has been promoted to First Lieutenant and has been moved from New Guinea to the Philippine Islands.

Capt. R. M. Francis, Jr., who spent two years in the Aleutians, visited in Kress with his parents a few days in March enroute to Orlando, Fla., for a month's special training.

Both Francis boys were formerly students in West Texas State and made their homes in Canyon with their parents.

Peace Soon?

Events are moving rapidly in Europe, as the United Nations are crushing the Nazi resistance on all fronts.

Following the false report on Saturday that the German army had accepted unconditional surrender, Churchill announced that the war might end by the end of this week.

The Nazis reported Tuesday that Hitler had died in battle. General Eisenhower denied this report yesterday, claiming that if Hitler is dead that he died of a stroke.

The war in Italy came to an official end in Italy yesterday as all Nazi armies, both German and Italian, accepted unconditional surrender.

The big news of the final crumbling of all Nazi resistance may come at any time.

Food Clinic at Canning Center Comes on May 9

A Food Preservation and Canning Equipment Clinic will be held in the Community Canning Center at West Texas State College Wednesday afternoon, May 9. This clinic is sponsored by the Randall County Home Economists and will be conducted by Miss Gwendolyne Jones, Emergency War Food Assistant with the A. & M. College Extension Service. Registration will begin at 2:00 p. m.

All homemakers in the county are invited and urged to bring a container of spoiled food for the spoilage clinic. Instructions will be given on care of pressure cookers and sealers, checking pressure cooker gauges, and adjusting sealers.

Sgt. McCuistion Receives Bronze Star

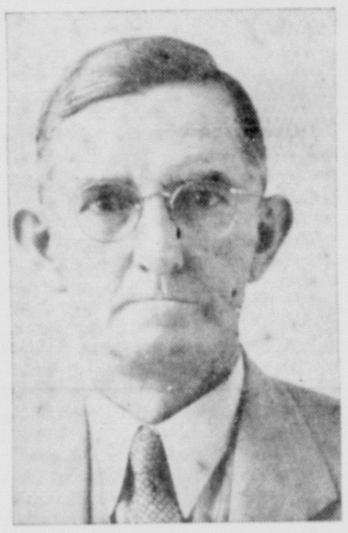
MARION D. McCUISTION, T-SGT.

T-Sgt. Marion D. McCuistion, son of Mr. and Mrs. J. W. McCuistion, is seen having the Bronze Star Medal pinned upon him. He with the other two boys pictured were the first three in their Squadron (1st Pathfinder Sqd.) to receive this award.

The citation to accompany the award reads: "For meritorious service in direct support of combat operations against the enemy from May to December 1944. As crew chief on a B-26 airplane, his aircraft flew a large number of combat missions without mechanical failure attributable to maintenance defect. By his energy, devotion to duty, and excellent leadership, T-Sgt. McCuistion rendered services of great value to the successful combat operations of his group."

Sgt. McCuistion finished high school at West Texas High. He has been in the service 2½ years and overseas 15 months. He is with the 9th Air Corps in France. He has one brother in the Navy, one in the Infantry and a sister in the WAC's.

Harvy Cash Ends 23 Years Service With City May 1



HARVEY CASH

Harvey Cash has resigned as assistant city clerk after 23 years service in the City office.

Mr. Cash was chosen city clerk in 1922 and served in that capacity until a few months ago. Mrs. Berl Mayfield was elected city clerk at that time, with Mr. Cash as assistant.

Mr. Cash states that he has no plans for the immediate future. Mr. and Mrs. Cash will visit in the homes of their children for a few months and look after their property in Canyon. "This will continue to be our home," stated Mr. Cash. They moved here from Dimmitt in 1920 in order to take advantage of the educational facilities of Canyon. Mr. Cash was named city clerk two years after they arrived here, and has given splendid service to the city.

Capt. Stroud Is Home After 23 Months in Italy

Capt. Herbert Ogden Stroud, son of Mr. and Mrs. W. H. Stroud, arrived at the home of his parents Saturday night for a 30 day furlough.

Capt. Stroud has spent 23 months overseas in Africa and Italy. He is serving with the 90th Photo Reconnaissance Headquarters Dept.

He and Mrs. Stroud are visiting this week with her parents in Miami, but will return this week end to Canyon.

Wrecked Plane in City Draws Crowd

Tuesday mornnig a wrecked air plane parked on the southwest corner of the square attracted considerable attention.

This plane was on a routine trainer flight and was forced to make a belly-landing near Happy. According to information given by the crew chief, no one was hurt.

A wrecking- rescue crew came from Amarillo Air Field to haul the plane there for repair. When they got to the highway, the drivers found that the wings would not clear the traffic. They stopped in Canyon to remove the wings for safer clearance of the heavy traffic from here to the air field.

Mr. and Mrs. L. B. Penick of Lefors and Mr. and Mrs. C. M. Ford, Van and Byron of Amarillo spent Sunday in the parental E. C. Penick home.

464 Cows Given Tests For Bangs

Veterinarian Will Return to Canyon Again in Two Months For More Tests

Dr. Layton, U. S. Bureau of Animal Industries, veterinarian was in Randall county again the first of this week vaccinating heifers against Bangs disease. Two more dairy herds were blood tested this week. This makes a total of 464 cows blood tested so far. About 70 heifer calves have been vaccinated. Dr. Layton has advised that he will be in the county again in about two months to vaccinate calves in these herds and will accept contracts on addition herds at that time.

Former Student Reported Killed on German Front

Pfc. John Truin Blessen died in Germany April 9 from wounds received early that day. He had been in the service 2 years and overseas 13 months.

Pfc. Blessen is the son of Mr. and Mrs. Bill Blessen of Tascosa, and attended W. T. S. C. before induction. He is survived by three brothers: Cal Blessen, who is employed at Hawks Motors, Canyon; Robert Lee of Amarillo and Raymond of Bushland.

M-Sgt. McKee Is Home After Three Years Overseas

M-Sgt. Rayburn McKee arrived in the United State Friday after having spent nearly 3 years overseas.

He has been serving with an Air Corps Headquarters Repair Depot Group.

Sgt. McKee is the son of Mr. and Mrs. W. H. McKee and wired his parents that he expected to be home in a very few days—this week end, maybe.

A brother, Prentice, has just been promoted to Private First Class some where in the Philippines.

Editorials

Americans wonder about Stalin. Basically he is just another brand of dictator. He rules Russia with an iron hand, and his word is law. So much for that. Stalin and Russia are our allies, therefore we must try to understand them. If the case were reversed, perhaps we could understand Stalin better. For years, America refused to recognize the rule of Stalin. We would have nothing to do with the Reds, as we preferred to call them. After England recognized Russia, we followed suit—rather half-heartedly. Suspicion, deep rooted suspicion, had been bred in both nations, one against the other. But the war made a lot of difference. When Churchill successfully induced Hitler to jump onto Russia instead of taking England, Stalin had a basic reason to hate Churchill. He has never gotten over it. Stalin is naturally afraid of the Anglo-Saxon combination. He liked Roosevelt because America had given Russia the materials to defeat Germany. Naturally he is afraid of any combination at the peace table. Stalin is being handled with gloves at the San Francisco Conference. While we may dislike this method of procedure, Stalin's position is understandable in the light of all that has happened.

Newspapers of the East are much more critical of public officials than those of the South and West. Some newspapers in the East take joy in criticizing everything that comes out of Washington, the state capital, or the city hall and court house. In the case of President Truman, a truce has been called, voluntarily. These publications have agreed that for three months no words of criticism will be printed. They will give the President that long to find himself in his big job. The people of the nation will applaud this attitude. The next three months will be a formative period during which the goal for permanent peace will be worked out, on a give and take basis. The President needs the full co-operation of all citizens, and so far he is getting it.

We have just gone through the first headache of peace. Saturday night the people were just ready to "tear up the town" in celebration of peace. Some one unwisely announced that Germany had surrendered. Radios and newspapers throughout the land heralded the myth as a fact. Peace—the real thing—may come before this issue of The News reaches you. At least we hope so. Every hour that this needless war is carried on means the death of more good American boys. This warning should be needless. We have had one false alarm. Let's wait until the President or General Eisenhower speaks before going into convulsions of joy again. And even after Germany falls, Japan must be disposed of. We found out three years ago that the Japs could not be whipped before breakfast.

A good start has been made at San Francisco in laying the foundation for permanent peace. All nations realize that the conference must succeed. It looks as if every delegate was there with the firm determination to build a peace structure that will live. Naturally this is more or less a horse swapping conference. Demands will be made far beyond the expectation of those who make them. Russia came with the longest list of demands. Stalin is going to get a number of these demands, but will be turned down on others. He will expect that. In the meanwhile Americans are taking the sensible attitude of allowing the delegates to run the conference without criticism.

Friends of Senator Connally are starting his campaign for re-election early. Large advertisements have been published in several newspapers of the state lauding the Senator in his demands for permanent peace. Texas is proud of the position which Senator Connally holds in the nation as chairman of Senate Foreign Relations Committee. Regardless of the ambitions of other budding politicians, it is indicated by the present trend that no one can oust Connally in the primary in 1946. Pappy O'Daniel comes up for re-election in 1948—and then the fur will fly.

Canyon lacks a lot of being as big as New York. The Canyon News is hardly to be compared to the New York Times. No store in Canyon may be compared with the biggest store in the world, located in New York. But the Canyon field; the Canyon News; any store in Canyon is as essential to the progress of this community, as that great store is to New York City. The advertising manager of this store announced last week that during 1944 the store used 1837 pages of advertising in the newspapers of New York, in spite of the prevailing shortages. This store did not let up in its advertising appeals simply because there was less goods to be sold. Advertising space was bought in larger quantities in preparation for the better days which are to come. The store did not stop simply because it was the largest. This advertising amounted to more space than the Canyon News will print normally in the course of four years—and bought exclusively by one store. Canyon merchants have an equally vital message to the people of Randall county, as the biggest store in the world has to New York. The only media which can carry this message is The Canyon News.

DO WE DESERVE FREEDOM?

". . . nothing is more fatal than the present fashion among intellectual leaders of extolling security at the expense of freedom. It is essential that we should re-learn frankly to face the fact that freedom can be had only at a price and that as individuals we must be prepared to make severe material sacrifices to preserve our liberty. If we want to retain this, we must regain the conviction on which the rule of liberty in the Anglo-Saxon countries has been based and which Benjamin Franklin expressed in a phrase applicable to us in our lives as individuals no less than as nations: 'Those who would give up essential liberty to purchase a little temporary safety deserve neither liberty nor safety.'"— "The Road to Serfdom," by Friedrich A. Hayek.

According to Old Tack people in the East believe that the Negro problem is going to break out one of these days and become the major problem of this nation. As we have stated many, many times, we know nothing about the Negro, since we have never lived near him. But aren't these facts: That the South has retarded the Negro by failure to give him adequate educational and economic advantages to which he is entitled; just as the social reformers of the North are making fools of the ambitious Negro thru the claim of racial and economic equality? If these are facts, then it is far past time that the sane leaders of the nation get together and work out a sound program for the Negro. He is here to stay, and we must make provision to get along with him

Of one thing we can be certain, in spite of the accusations flying back and forth between government officials and food producers—the producers, being in the last analyis mostly independent farmers, will produce as long as there is a shadow of possible profit. When profits cease to exist, they must cease to operate because they do not have the capital to produce merely out of patriotism. Thus, as time goes on and specific items disappear from the market, you may be pretty certain that costs prohibit production. Once the immediate pressure of government purchases is relieved, this will be a sure test.

The only sour note coming from San Francisco is that every crackpot and pressure group in America has a delegation at the peace conference trying to push its own particular little idea. You have no doubt read of the train loads of "advisers" who have poured into San Francisco, largely uninvited. We hope that these fellows do not get in the way of permanent peace by making themselves obnoxious to the foreign delegations who may not understand our brand of politics.

Three acres constitute a farm, for census purposes unless a tract of smaller size produces at least $250 a year in crops.

Looking Ahead
Depends Upon Conservation Now!

WE CAN look ahead for a speedier Victory if the important Second Front remains strong and carries out its responsibilities. The Armed Forces must get the proper clothing and civilians must learn how to take care of what they have—not buy new things and tempt inflation! Pamper your clothes with our quality cleaning . . . they deserve the best; it pays dividends in smart appearance, longer wear.

A WORD ON CARTELS

Lofty discussion on the question of cartels—powerful, legalized industrial combinations—is so far over the heads of the people that they assume it has little bearing on their affairs. Most nations are said to be drifting toward cartels, consequently it is claimed the United States must go along, at least with respect to foreign trade. Before succumbing to this notion, the people should realize what it means. The president of the Sun Oil Company, one of the country's largest, has this to say on cartels

"This country cannot be cartelized in its foreign trade and free in its domestic enterprise, any more than a nation can survive 'half free and half slave.' Once we start to regiment through allocations, price fixing and production controls, our activities in the foreign field, we, of necessity, will be forced upon us by the government restrictive measures upon operations falling wholly within the domestic field.

"Turning to the arguments advanced in behalf of the negotiations of these super-state cartels, we find the contention that cartels are a necessary device to safeguard industry and invested capital against unfair and destructive competition and the wastes which result from wide fluctuations in industrial activity—that they serve to permit the orderly development of industries and stabilize prices.

"Now all of that argument begs the question of what is best for the general welfare. Like the League of Nations' definition that: 'Cartels are associations of independent undertakings in the same or similar branches of industry established with a view to improving conditions of production and sales,' it fails to state to whom the benefits or improvement accrues. The answer is obvious, since the primary purpose of cartels is to restrict competition. Competition, bringing better products at lower prices, benefits the consuming public. So whatever restricts competition, in the long run harms the public welfare. Price stabilization usually means the establishment of a rigidity designed to protect high cost and marginal producers. It destroys incentives for low-cost policies. Thus, cartels operate against the smaller or relatively newer enterprises which, thru increased efficiency, are challenging the position of larger and older enterprises when the latter have become waterlogged through plant obsolescence and inefficiency."

WHAT KIND OF FREEDOM?

The president of the American Federation of Labor, in objecting to the Russian proposal that German labor be forced to rebuild damaged cities in war-torn Europe, says: "Hitler and those responsible for the war must be punished, but the people throughout the world, including labor everywhere, must be made free and must be guaranteed the right to enjoy the blessing and the benefits of freedom, liberty and democracy."

Without arguing the merits or demerits of the Russian proposal, the remarks about guaranteeing the freedom of labor will be taken with several grains of salt.

In the United States, a man cannot work at the basic trades without first joining specified labor organizations, whether or not he wishes to, and paying initiation fees and assessments. Just try to work without "joining" if you doubt this.

Why kid ourselves about freedom in the United States when an individual must pay for the right to work, even on a goverment war job.

The first rat is gone. Mussolini is reported to have been shot by the Italians who were tired and disgusted of the long war into which the Muss had lead them. Hitler is reported dead or dying—rat No. 2. The little "son of———" in Japan will be the last of the trio to fall, according to present indications.

POSSUM FLATS... MOTHER'S DAY — By GRAHAM HUNTER

MY LAND!— WHAT'S ALL THIS EXCITEMENT ABOUT?
WOOF!
WHY, IT'S MOTHER'S DAY, MOM! WE WANT TO SHOW OUR APPRECIATION FOR ALL THOSE SWELL GLADIOLA BISCUITS YOU'VE BAKED FOR US THIS PAST YEAR!
Present for Mama
YEP! AND THOSE LIGHT, TENDER, GLADIOLA DUMPLINGS YOU MAKE ARE SURE DIFFERENT FROM THOSE SOGGY OLD DOUGH-BALLS WE USED TO GET!
THERE OUGHT'A BE A GLADIOLA DAY ON TH' CALENDAR, TOO, SO WE COULD CELEBRATE THE FLOUR THAT MAKES SO MANY DEE-LICIOUS THINGS!
TO BRIGHTEN EVERY BAKING HOUR, JUST BAKE WITH GLADIOLA FLOUR!
GLADIOLA FLOUR

Seeing is believing, but as often as wives see their husbands, they still don't believe them.

Marrying a woman for her beauty is like buying a home for its paint.

"I drive the car in our family"

"Ours is an old car, and I'm taking the best care of it I know how."

"Goodness knows, we won't get a new car for 2 or 3 years after V-Day. And with my Jim away, the car is my problem."

"My Gulf man has been a big help. Regularly he gives the car Gulfpride* and Gulflex**. He says that'll keep it running a long time yet."

"I may be a woman. But I do know that a car needs the finest lubrication available. Well, I'm seeing to it that our car gets it! It's got to be running when Jim comes home!"

*GULFPRIDE

GULF

For the life of your car -go Gulf!

Probably no shorter Speech was ever made than the one that President Lincoln made at a flag-raising before the Treasury Building—for he saw no reason to speak at length when he had nothing to say:

"The part assigned to me is to raise the flag, which, if there be no fault in the machinery, I will do, and when up, it will be for the people to keep it up."

Almost as brief but filled with touching sentiment was the speech that Lincoln delivered as he was leaving Springfield to take the oath of the Presidency. His lip quivered and there was a tear on his furrowed cheek as he said:

"My friends, no one, not in my situation, can appreciate my feeling of sadness at this parting. To this place and the kindness of these people, I owe everything. Here I have lived a quarter of a century and have passed from a young to an old man. Here my children have been born, and one is buried.

"I now leave, not knowing when or whether ever I may return, with a task before me greater than that which rested upon Washington. Without the assistance of that Divine Being who ever attended him, I cannot succeed. With that assistance, I can not fail. Trusting in Him who can go with me and remain with you and be everywhere for good, let us confidently hope that all will yet be well. To His care commending you, as I hope in your prayers you will commend me, I bid you an affectionate farewell."

Central High School in Memphis, Tenn., has had many and diverse students. For the identity of one, see the name at the top of this "column." Congressman Clifford Davis is another. While Davis was fire and police commissioner of Memphis some few years ago, "Machine Gun" Kelly was captured. If you've forgotten, he was the trigger man in the Urschel kidnapping. When Davis went back to take a look at the prisoner, Kelly broke into a laugh and said, "You and I went to school together; I remember hearing you make a speech."

Well, you have to hand it to the ex-students of dear old C. H. S. Whatever they go in for, they don't go at it in any halfway fashion for Kelly was one of the best—in his line.

Vivid description of Ring Lardner. "He gave her a look that you could have poured on a waffle."

Baptist Sunday School Reaches All-Time High

According to announcement of Virgil Henson, superintendent, the Baptist Sunday School in Canyon has reached an all-time high in average attendance. The figures stands at a fraction above 305 for the past eight months. When it is considered that more than a thousand people have gone from the county to military duty and the college attendance is less than half the attendance of four years ago, Mr. Henson considers this a commendable gain. Enrollment now is 580, exclusive of the Extension Department. Sunday School meets at 9:45.

Next Sunday, May 6th, pastor Roy L. Johnson will speak at 11:00 on "Seven Fundamentals of New Testament Christianity." This is his message commemorating a hundred years of organized mission work by the Baptist churches of the South. At night a pageant depicting much of the progress of a century will be presented and the pastor will summarize some of the highlights of centuries of Baptist life.. The evening general service is at 8:15 and training Union for adults to little children is at 7:15.

Competition in Festival Coming This Week-end

Music, dashing uniforms and colorful programs will appear on the campus this week as talented junior and senior high school pupils from all over the Panhandle arrive to participate in the annual Music Competition Festival. Beginning Friday morning and probably continuing through Saturday noon, a series of choir, band and solo arrangements will be presented.

Bands from the following schools have accepted the invitation to attend the festival: Hereford High, Hereford Jr. High, Clarendon High, Amarillo High, Dumas High, Pampa Jr. and Sr. High, Wellington High, Plainview Jr. High and three Amarillo Jr. High Schools.

A cappella choirs from Tulia, Phillips, Pampa, W. T. High, and three Amarillo Jr. High Schools include some of the best voices in this region.

Over a hundred instrumental and vocal soloists will bring a sparkling array of unlimited talent and ability.

The judges who have been secured to rate the performars according to merit are Mr. Folsom D. Jackson, Dr. Wallace R. Clark, Miss Mary Ware, Major Ed Chenette, Mr. D. O. Wiley, Mr. Fred Rattan, Mr. Joe Haddon, and Miss Pauline Brigham.

The Music Competition Festival, sponsored by the Texas Music Education Association, was originated in 1928 and has been held each year since then with the exception of the last three years. It was suspended then because of war time traveling conditions. All schools in Region One which includes all the Panhandle as far south as Lamesa, are invited to participate each year.

Shrubs Planted Around Building

On Friday and Saturday a large number of trees, shrubs and small plants were placed around the Science Building.

The Schell Nursery Company of Tulsa, Oklahoma furnished the plants and supervised their placement. The landscaping was carefully planned to enhance the beauty of the building and to fit it into the general scheme of the campus.

"That picture should have been made in a cemetery—then it could have had a plot."

DR. S. H. CONDRON SPEAKS TO EDGETOWN H. D. CLUB

Dr. S. H. Condron was the guest speaker to the Edgetown Home Demonstration Club, Friday afternoon, April 27 at the Thompson Club room.

A few of the points the speaker made concerning the present election laws of Texas were: That under present conditions not half the people in Texas vote; that the 15th amendment is not constitutional and people have lost interest in voting as there are so many things to disqualify one; that we should qualify ourselves to be eligible, since we are not born that way; that we could lose our democracy if our lack of interest grows worse; that it is up to the club women to see that interest is increased.

Mrs. W. L. Gore gave an interesting talk on "Amending the Constitution."

A short business session was directed by Mrs. P. L. Walters. Roll call was answered to the question, "Should one year of military training be required of boys?" The quotation for the lesson was "As land is improved by sowing it with various seeds so is the mind by exercising it with different studies." Orders were taken for pineapple.

The program was opened by the College Trio, Winnie Fred Ramage, Mary Lee Abbott, Mary Evelyn Foster, accompanied by Anita Davis.

West Texas State Furnishes Material for Army Radio Show

West Texas State College has been asked to furnish material to be used on a fifteen-minute broadcast over WU2VZ, the United States Army's main radio outlet east of Suez. The material which has been furnished will be prepared by Vern Beckwith for Renshaw University, a function of amATC Information-Education Office at Assam, India.

The program saluting West Texas State will be given sometime within the next four months. The audience will be practically all military.

The Pullman conductor one night found a red lantern hanging in one of the lower berths, so he looked up George, the porter, and asked:

"Say, George, why is that red lantern hanging on lower six?"

"Well, boss, Rule No. 23 in my rule books says that you should always hang up a red lantern when the rear end of a sleeper is exposed."

The weighing machine was out of order but no notice to that effect had been posted. An unsuspecting fat lady clambered on and inserted a penny.

Among the curious bystanders was a small boy, intently watching the dial. The scale registered seventy-five pounds. "My gosh," he whispered "she's hollow."

FROM GUN DIRECTORS TO FARM TELEPHONES

Sharpshooting with anti-aircraft guns seems pretty remote from telephone science—yet Bell telephone research created an "electrical brain" that gives deadly aim to sky-pointing gunners. One gun in Normandy, controlled by the Western Electric gun director, bagged a Nazi plane in only three shots.

The same expert telephone research that developed the electrical gun director has already found new ways to extend and improve farm telephone service. Practical telephone men are busy right now planning how best to use those new ideas.

They'll be ready to go when the wartime telephone job eases up.

Classes Complete Year's Meetings

Two Upper Classes Plan Conclusion of Activities

Classes of Canyon High School held their last scheduled meetings of the year Friday morning.

Seniors decided to have their week end trip May 4 and 5 at Ceta Glen. They have chosen the gift to the school and the speaker for commencement services is to be Dr. S. H. Condron.

Plans for the Junior-Senior Banquet were made by the juniors. They decided to meet Tuesday night to work on the Banquet and they decided whom they were going to buy corsages for.

May 9 is the day the seventh grade has chosen to go to the Country Club for their picnic.

Because of the Boy Scout Field meeting in Amarillo May 11 the eighth grade has decided to change the day of their picnic to May 4. They planned to send Mrs. J. B. Hickman, room parent, a gift.

A treasurer's report was given in the freshman class meeting, and plans were made for their picnic May 10.

Songs and games composed the sophomore class meeting.

Drawings Depict School Themes

Lair and C. L. Hood Produce Two Runner-up Cartoons

As outcome of the cartoon contest conducted by the Press Club in CHS from April 5 to April 19, Wilma Schuette's drawing took first place, with those of C. L. Hood and Margaret Lair taking second and third places, respectively.

Cartoons judged as worthy of honorable mention were those submitted by James Meroney, Nancy Ann Nicklaus, Louise Dickinson, Peggy LaLoge, Bonnie Drake, Donal Iverson, Billy Abbott, Cheri Kilchriste, and Sandy Oliver.

A secret group of art specialists judged the drawings, most of which were submitted through the English classes of Mrs. Kate D. Brewster and Mrs. Nora E. Gilmore, who is also sponsor of The Eagle's Tale.

Satirizing a traditional custom in Canyon High School, Wilma's cartoon showed a little boy asleep on a haystack "after Kid Day."

Special competition between the sophomore and senior classes, which has been prominent in CHS during the past school term, furnished subject matter for C. L.'s cartoon.

Margaret depicted the activity in CHS during this time of the year through the simple use of a calendar.

Freshman Volleyball Girls Outplay Seniors In Season's Intramurals

Seniors and Juniors Take Second and Third Places

Freshman girls outvolleyed the senior team in the final intramural game, climaxing a week of playing. Winning two out of three games, the freshmen won the deciding game by five points.

According to the number of games lost in relation to the number played, the freshmen placed first in the tournament, the seniors second, and the juniors third.

Playing on the senior team were: Lorene Seales, Velta Speer, Nadine Sterling, Pauline Baker, Marilyn Johnigan, Fawn Rogers, Nancy Wilson, and Joyce Sanders.

Participating on the freshman team were: Thelma Bonds, Joan Morton, Geneva McDougal, Martha Jean Avent, Earline Davis, and Billie Bonds.

The junior team was composed of Pauline Ruthart, Wilma Schuette, Anita Johnigan, Bonnie Drake, Louise Dickinson, Johnnie Wallen, and Cheri Kilchriste.

On the sophomore volleyball team Frances Gooch, Louise Tucek, Betty Ann Miller, Mary Browning, Bernice Anderwald and Jean Prater played.

THERE'S A WAR ON!

Too bad you can't find that dream evening dress to wear to the banquet. But there's a war on! Well, you'll just have to wear last year's dress or maybe borrow one to get by this year.

Probably can't go to the dance after the banquet! No evening shoes! I can't find a pair any place in town. Of course, there's a war on! I'll borrow a pair.

Wish I had an evening wrap—but maybe I can borrow one. Couldn't buy one if I had the money. There's a war on.

I'm having to walk to the Junior-Senior Banquet. No gas, no coupons to get gas, no tires, no car, hardly. Too bad, there's a war on!

There was a rumor heard about the Canyon Eagles scrimmaging West Texas High, but this is probably just a rumor. Coach Milton Sanders says that his Eagles are getting tired of other eagles' flesh and want some fresh meat.

Charles Taylor was our only representative at the Regional Meet at Lubbock last week. Charles threw the 12 lb. shot put 33 feet but did not place.

The state meet will be held on Thursday and Friday, May 3-4. This is done to keep out of so much week-end travel.

The freshmen kinda surprised us and kinda fulfilled our expectations Friday afternoon when they beat the seniors in the volleyball intramural finals.

A number of beautiful babes from the WTSC phys. ed. department came up to CHS Tuesday morning and presented a tumbling program in a special assembly. The act was highly enjoyed, especially by the boys.

Teachers Discuss Educational Bills

For the last regular meeting until the fall school term, the Classroom Teachers Association of Canyon Public Schools gathered for business and social purposes Tuesday night in the homemaking department.

Important educational legislation and recommendations for state officers constituted discussion in the business session.

General officers, Mrs. John Davis, president; Mrs. Mitchell Jones, Mrs. Emma Gene Jackson, and Mrs. A. L. Walsh, served refreshments consisting of chicken salad, cookies, wafers, olives, and coffee to the remainder of the group.

Canyon was one of the first schools in the Panhandle besides Amarillo to organize a chapter of the Classroom Teachers Association, a comparatively new state-wide organization.

It's probably true that all things come to him who waits; but we're inclined to believe that they are likely to come too late to do any good.

Canyon High Journalists Tour Amarillo Newspaper Plants

Wishing to become better acquainted with the organization and operation of a large newspaper, members of the Press Club traveled to Amarillo Friday to visit the Amarillo Globe-News and the Amarillo Times.

During the morning the club made a tour of the News-Globe plant. The first departments visited were those of the advertising and the linotype where some of the copy for the newspaper is prepared. The printing presses and the immense rolls of paper necessary for a week's issues were items next noted.

Probably the department that received the most intense scrutiny was the teletype machines which receives the latest news from the Associated and United Press and transmits it at the rate of sixty words per minute. Here students stood for several minutes reading the late flashes from all over the world.

One of the stops included the office of "Old Tack" with its photographs and stuffed specimens of wild life which gave mute evidence of some of his hobbies.

The club left the building by way of the radio room where Wes Izzard was making up his news script preparatory to his 12:30 broadcast.

At 2 o'clock the class met at the Amarillo Times and was shown through the plant by Mrs. Bonnie Merriman, operator in care of wires and teletype.

While the group was in the Times building, Jerry Malin, editor, took pictures of them as they watched the making up of advertisements.

Features attracting the interest of the club there were the electric headline caster, one of the latest electrical machines, and the operation of the presses printing the daily edition of the paper.

Juniors Present Annual Banquet

Rainbow Rendezvous Gives Theme for Entertainment

Canyon High School juniors decided on a Rainbow Rendezvous as the theme of the Junior-Senior Banquet to be held tonight in the Methodist Church.

All of the decorations will carry out the rainbow colors. Approximately seventy-five people will attend. These include teachers, room-parents, guest speakers, and members of the junior and senior classes.

Pauline Ruthart is the chairman of the decoration committee and Bonnie Drake is in charge of the games.

Invitations and cards for the Canyon High 1945 Seniors arrived Monday and were put on sale at that time. Seniors also received leather bound memory books with appropriate places for special occasions and class officers.

Most people who marry for money find out thay could have borrowed it cheaper.

Grade Notes

Plays and birthday parties seem to take the spotlight in grade school social activities this week.

Honoring her son, Roland, with a birthday party last Friday, Mrs. Bud Myers brought ice cream and cake, baked by Roland's grandmother, to the children in Mrs. T. W. Collins' first grade. During the party the children played various games.

Belatedly celebrating Mrs. W. E. Miller's birthday, the 6M class gathered in the grade school library Friday and presented a program of song, poetry, stories, and jokes. Mrs. Miller received a corsage of carnations, a nest of pottery mixing bowls, a pottery sugar and creamer set, a box of stationery, a bouquet of cut flowers, and fruits. Refreshments of ice cream and cake were served to members of the class and guests, Mr. and Mrs. H. W. Burrus, Dr. and Mrs. Roy Johnson, and Mrs. Jim Carter.

Celebrating Shirley Cocanougher's birthday, Mrs. Cocanougher gave a party for Mrs. L. M. Cousins' fourth grade Friday. From a hat box called "Shirley's birthday cake," guests pulled strings to which were attached prizes. Students played both outdoor and indoor games. Refreshments consisted of Angel food cake and pineapple ice cream.

5W presented the play, "Suspicious Characters," to the 5J class Monday afternoon. Taking part in the play were Richard Sanders, Teddy Howell, James Cundiff, Bill Jones, Sherma Dixon, and Jimile Jennings.

In their nature study, Mrs. Stella Murrell's second grade is stressing wild life. Friezes on birds decorate their room.

Mrs. Hazel Atchley's fourth grade has enough subscribers to the "Weekly Reader" to get a book entitled "Letters to Channy."

"The Awakening of the Roses" was the name of the spring play given by Mrs. Roscoe Davis' second grade yesterday. Every member of the class had a part in the play. After its presentation in the high school auditorium, the class invited mothers and friends to their room for refreshments prepared by the roommothers—Mrs. W. R. Crow, Mrs. H. R. Hungate, Mrs. Ed Money, and Mrs. W. M. Dickerson.

In honor of Tommy Rose's birthday, Mrs. H. D. Rose brought ice cream and cake to Mrs. Roscoe Davis' second grade Monday afternoon.

The two fourth grades have received four new books. They are "Olga, of Norway," "Manuel of Mexico," "Ching Ling and Ting Ling," and "Wilhelma of Holland."

Spanish Club Has Evening Outing

Spanish I and II clubs and ex-members had their semester picnic Thursday afternoon at the Canyon Country Club. In a meeting Friday afternoon the Spanish I class decided against having an assembly program, and instead will prepare a program for just the two Spanish classes with each student participating in it or making a project pertaining to the study of Spanish.

Singing of several rounds and songs in Spanish concluded the meeting.

Inspectors Check CHS Lunchroom

Two inspectors from the Pure Food and Drugs visited Canyon High School last week to inspect the serving and preparing of food in the lunchroom to see if it was sanitary and plentiful.

Their report was that the lunchroom is in excellent condition in cleanliness and that it is far above the average.

Mrs. J. H. Lisle is manager of the lunchroom.

The following letter was received recently by a concern that manufactures corn syrup: "Dear Sirs: Though I have taken six cans of your corn syrup, my feet are no better now than they were before I started."

In order to breed, flies must have some form of meat or animal food.

Pvt. Arthur Duncan came home on a week-end pass from Amarillo Air Field where he is training for flight engineer. He graduated from Canyon High School in 1943.

Lt. John Albers is home on a ten day leave from Langley Field, Virginia, where he has been stationed. He is the pilot on a B-24. At the end of his leave he will report to Salinas, California. Lt. Albers graduated from Canyon High School in 1938.

CHS Contributes Surplus Clothing

During the clothing drive conducted last week in Canyon High School, students contributed 166 pounds of garments.

Conducted by the CHS Future Homemakers of Texas, the drive lasted from Monday through Friday. All kinds of clean mended garments which had not been in use were brought and placed in the front hall.

Mrs. Ewell Fowler and Laura Lee Davis are F. H. T. sponsor and president, respectively.

The sugar rationing program has called for more than 700,000,000 forms, cards, and booklets, and about 12,000,000 pounds of paper.

Baptist Centennial Broadcast May 6th

Although Baptist are centuries old under their present name, the Southern Baptist Convention is only one hundred years old, having been organized May 8th, 1845 in Augusta, Georgia for the purpose of doing missionary work on a cooperative basis.

Starting with a few hundred churches and a few thousand members, the number of Southern Baptists cooperating through the Convention has grown to more than five million in more than twenty-five thousand churches in nineteen States and the District of Columbia.

The Broadcast to be heard Sunday morning, May 6th, at 7:30, will begin with a portion of the service being held in Augusta, and from there listeners will be taken to Atlanta, home of the Home Mission Board of the Convention; to Richmond, home of the Foreign Mission Board; Nashville, home of the Sunday School Board; and to Memphis, Louisville, Birmingham, Fort Worth, New Orleans and Dallas, for reports from other agencies operated by the Convention.

Special souvenir programs giving the messages of the morning and other information about one of the largest denominational groups of Christians in the world will be offered listeners Sunday morning. The program may be heard in this territory through KGNC at Amarillo.

Miss Edna Graham Attends Meeting of Executives

Miss Edna Graham of the Mathematics Department is spending this week-end at Dallas attending a meeting of the state officers and committee chairmen of Delta Kappa Gamma. Miss Graham is chairman of the State Scholarship Committee and her outstanding work in this capacity has been recognized by the state organization which has named one of the scholarships the Edna Graham Scholarship.

Miss Annie McDonald, twice a graduate of West Texas State, is state legislative chairman for Delta Kappa Gamma.

Both Miss Graham and Miss McDonald are past presidents of Pi Chapter, Amarillo, in which selected teachers of Randall County are members.

Dr. Moore Attends Tri-County P-T Meeting in Dumas

Dr. and Mrs. T. M. Moore were in Dumas Thursday, attending a Tri-County Parent-Teacher's meeting at which Dr. Moore was the guest speaker, his topic being "That They May Live."

This topic is one being considered everywhere by Parent-Teacher organizations this year, and their speakers developed different phases of it as it applies to mental and physical health, better instruction, vocational training and other subjects that are important in the development of a healthy body and a well-adjusted personality.

While in Dumas the Moores met many ex-students including Velma Henderson, Ruth Burtz Shewbert, and W. B. Travis.

It sure is a headache!

Sure, everybody knows that right now quality oil is more important than ever before...but even motorists who are twenty times as old as our troubled little friend, don't know how easy it is to choose a quality lubricant.

They may be misled by bad advice from well-meaning friends, befuddled by claims, or low in sales-resistance to high-pressure selling. So choosing a quality oil can become a chore, a bore, and a headache.

Well, Phillips puts an end to your oil worries, and tells you how you can pick quality with certainty every time.

You know that oils may differ greatly...in chemical composition, in lasting power, in stability...and in other ways. And Phillips offers a number of differing lubricants to meet various preferences of car-owners.

But if you want our best oil, remember that Phillips tells you frankly that Phillips 66 Motor Oil is our finest quality...the highest grade and greatest value...among all the oils we offer to motorists like yourself.

Don't forget! It's time to drain and refill with fresh, summer-grade Phillips 66 Motor Oil.

It's Phillips Finest Quality

Dr. A. M. Meyer To Give Number School Addresses

Dr. A. M. Meyer, dean of the graduate division, has a series of speaking engagements during the first week of May. Already he has made several addresses to various organizations throughout the Panhandle.

Saturday evening, at the Amarillo High School, Dr. Meyer was speaker at the Panhandle Administrators' Association, at the annual banquet meeting. The subject on this occasion was "Our Schools Yesterday, Today and Tomorrow."

May 2, Wednesday morning, he will present an address based on "Scholarship—a National Asset" to the Pampa High School Honor Society Meeting and Initiation. This series of public appearances will be completed when Dr. Meyer speaks at the Junior-Senior Banquet of the Canyon High School, Thursday evening, May 3. At that time his theme will be "The Rainbow Holds a Promise."

Wes Kleinschmidt left Tuesday for Los Angeles and Huntington Park, California where he will visit with his father and daughter. Mrs. Kleinschmidt, who has been there for some time, will return with her husband in about two weeks.

Mr. and Mrs. E. M. Beasley from Denver, Colo., are visiting their daughter, Mrs. Percy Walters, and family this week.

At the Lion's Club meeting last week Lion Lee Gilmore presented Miss Darthula Walker, who exhibited some moving pictures she had taken while in the Philippines.
